V-Hub, an innovation and incubation center was started with an objective of nurturing the creative ideas of the students and channel their energy into problem solving. It also motivates, supports, mentors students for identification and development of their innovative ideas and skills. V-Hub was established with high-end configuration computer systems and infrastructure. Vijaya Engineering College has the credit of establishing such a kind of innovation and incubation center first time in khammam district.

AVISHKAR is a Two day National Level Technical Symposium & Cultural meet conducted every year by Vijaya Engineering College on a grand scale. Avishkar aims to set the stage for exhibition of the technical and cultural skills of students. Various technical and cultural competitions are being conducted during this event. Students from various colleges participate actively in this event. This event is instrumental in enhancing the technical skills and introduces new trends of technologies as well.

MOU WITH IIT Kanpur :

Vijaya Engineering College has entered into an MOU with prestigious IIT

Kanpur's Electronics & ICT academy to train the staff and students every year in various advanced technologies and emerging areas. Thus VEC is the first engineering college to tie up with an IIT.

Games & Sports : VEC is the only engineering college having spacious play grounds for sports and games. VEC encourages students not only in the curricular activities but also in extracurricular activities. We are proud of our student Lavanya who participated in National level Hand Ball tournament. Our college Cricket team has won the district level Cricket tournament conducted by Sakshi. Mr. Mahendar of EEE has represented for National level Cricket tournament.

YOUR PLACEMENTS ARE OUR RESPONSIBILITY

VEC Weaves the threads of Lecturing, training, programming, skilling and mentoring on the tapestry of education and Entrepreneurship. Achieving the Unachieved is our achievement. Our students have been achieving good percentage of marks at university level examinations and obtaining ranks as well. Our students have been getting placements in top most MNC's with highest packages. More than 102 Students were placed in premier companies during the academic year 2023-24 and 300 plus students have been placed for the past three academic years. Our alumnus have occupied good professional positions in premier software and other organizations across the globe. This is the evidence of the commitment, conviction and contribution of our guiding force. We constitute goals to ourselves in every Academic Year and work relentlessly to accomplish our goals. Our exploration extends to the realm of innovation and Incubation. We have an MOU with IIT Kanpur and in-house incubation Center, V-HUB. We embark on a journey to reach greater heights in academics and Entrepreneurship to create a fabulous niche for ourselves in promoting young engineers.

TALENT WINS GAMES BUT TEAMWORK WINS CHAMPIONSHIP

Vijaya Engineering College was established under the aegis of Kavitha Memorial Educational Society in the year 2007 by an eminent educationist and an able administrator **Sri Parupalli Ushakiran kumar** with a cause to impart value based technical education to every nook and corner of the erstwhile khammam district. He has been rendering services to the society for the past three decades by providing quality education through various premier educational institutions in and around khammam district. The Institution has been producing worthy Engineers with world class standards and required skill set since its inception. VEC is approved by AICTE and affiliated to JNTUH, Hyderabad. VEC is located on the state highway between khammam and Wyrā.

SALIENT FEATURES :

- * The management is committed to provide holistic technical education.
- * Well qualified and vast experienced Principal, along with a team of dedicated Teachers committed to provide value based technical education.
- * Faculty with Doctorate qualification in each department.
- * Our students have achieved University Ranks and Gold medals consecutively for three years at the JNTUH University level examinations.
- * All the departments equipped with world class technology and high-end equipment.
- * Conducts technical seminars, workshops, hackathons, co-curricular and other technical activities round the academic calendar.
- * CRT (Campus Recruitment Training) focuses on training and Placements. Highest number of students got placed in the previous academic years.
- * Having collaboration with TASK, IITs and other reputed industries for training and entrepreneurship.
- * 600 Students have been certified by IIT Kanpur through online learning mode.
- * V-HUB an in-house innovation and incubation centre for skilling and nurturing ideas.
